TLT Week-End

Thanks to those who participated and made it possible for your youth to attend. A big thank you goes to Christa, Ira and Diana Thompson who made all the experiments and “ God in Science” happen up to the big bang at the end. Thanks to Kevin Abrahamson for inviting the great speaker Pastor Mark Ferrell and two great cooks Gary and Cheryl Patterson. Pastor Mark spoke on how to attack Evolution and everyone received a book to further their knowledge on speaking to people about the falsehood of evolution.
